Thank you for your interest in Arnold Bros. Transportation Academy and the transportation industry. We are offering a 320 hour course, Entry Level Professional Truck Driver Training Program. The first 80 hours are classroom instruction. The remaining hours are in-cab instruction. The latter consists of 60 hours behind the wheel, 20 hours lab (pre-trip & airbrake), with the remaining hours as observation time. During the last week you will be tested by Manitoba Public Insurance. Two practical tests are included in the cost of the program. Classes are held from 8:00 A.M. to 5:00 P.M., Monday to Friday.

You require the following; Class 5 licence or higher, Class IA Instruction Permit, Drivers Abstract and a Criminal Search Certificate. A reading comprehension test administered by ABTA is also a prerequisite.

The Professional Driver's Manual and the Air Brake Manual are available at any Manitoba Public Insurance Driver Licencing location or agent. The Driver's Abstract is also available at the same location. A driver's medical examination is required for your Class I Instruction Permit.

The Criminal Search Certificate is available at the Bureau of Police Records (986-6073) located at 151 Princess, 4th floor or local R.C.M.P. detachment.

Total fees of \$6200 are payable in full by the first day of the program for which the student is registered. Financing may be available to qualified students.

We are able to offer you job placement assistance. The keeper or operator of a Private Vocational Institution is prohibited by law from guaranteeing a position of employment to any student or prospective student.

I invite you to visit the Academy to discuss your training needs and career opportunities. Please contact the school at the above phone number or email address to make an appointment.

Yours truly,

Bruce Weimer
General Manager
